BUSHFIRE WATCH AND ACT MESSAGE

Time Message Issued: 16:42
Date Message Issued: 16/11/2009

The CFS advises that the threat to public safety posed by the FREELING fire near Freeling north of Gawler in the vicinity of Richards, Leske and Neindorf Roads has reduced.

Although the threat to your safety has reduced, be aware that some risks are still present.

Smoke may still be present, visibility may be reduced and there may be falling trees.

You should check your property for any fires and embers - particularly in roof spaces, under decks, raised floors and in gutters.

You should take care in the fire area over the next few days.

Stay tuned to this radio station on a battery-powered radio for further updates on the fire situation.

For information about bushfires, check the CFS website *www.cfs.sa.gov.au* or call the Bushfire Information Hotline on 1300 362 361.

Repeating, the CFS advises that the threat posed by the FREELING fire near Freeling north of Gawler in the vicinity of Richards, Leske and Neindorf Roads has reduced.
