

## Landscape Treatment Strategies Register

Treatment Strategy	Strategy Description	Target Condition	Responsible	Planned Start	Planned Finish
SAPOL Operation Nomad	A nationally recognised crime prevention programme using targeted policing activities to reduce the incidence (ignition) of fires caused by deliberate, reckless or careless human behaviour.	Continued cooperation between SAPOL, CFS, councils and the community.	SAPOL	1-Dec	28-Feb
Community Engagement	Community Engagement aims to inform and assist local community groups, organisation, brigades, businesses and local councils to proactively prepare for a bushfire.	Community Preparedness through target training for individuals, community groups, and tourist facilities.	CFS	1-Jul	28-Feb
		Advertising campaign and reinforcing of key messaging.	CFS	1-Nov	30-Apr
Ecological Fire Management	Ecological Fire Management or prescribed burns conducted by private persons, or Agencies to assist in the conservation of biodiversity in native vegetation or fuel load management in both crown and private land.	Planned burns are conducted on lands that are under the control of DEWNR and SA Water in accordance with DEWNR's fire management plans.	DEWNR	1-Sep	30-Nov
Firebreaks and Fire Access Tracks	Standard to establish and maintain firebreaks and fire access tracks to provide safe access for bushfire suppression operations.	Existing fire access tracks are maintained in accordance with the standard as to ensure that they are as effective as possible so that firefighters can operate safely.	DCLEP, CPL, DC TB, CFS & community	1-Jun	30-Apr
Bushfire Prevention activities by FPO	Undertake property assessments (public and private) and provide advice for properties on undertaking fuel hazard reduction work and building preparedness in-line with S105C of the Act.	Council controlled properties are prepared and maintained to a standard that will reduce the risk to the community.	DCLEP, CPL, DC TB	1-Aug	31-Oct
		Provide advice on preparing properties for bushfire and council inspections of residential properties.	DCLEP, CPL, DC TB	1-Sep	30-Nov
Council Planning and Development Policy and Standards	The establishment and maintenance of policies and standards to safeguard human life and provide protection against the loss of assets.	Councils, developers and individuals consider the bushfire risk within the environment and apply the appropriate designs constraints and standards.	DCLEP, CPL, DC TB	1-May	30-Apr
