

Can you solve Smokey's coded message?

Crack the code to find out what Smokey has to say!

Master code-breakers can try without the code key... the rest of us mere mortals might want to check the code key over the page ...

Bonus points: If you're careless with some of the things in the pictures Smokey has used for his code symbols, they can be fire hazards. Which ones?

Smokey's Code Key

You can find more information about being fire safe
at the SA Country Fire Service website:
www.cfs.sa.gov.au

And remember to: **PREPARE. ACT. SURVIVE.**

Answers:

Code:
Smokey says: every home needs a smoke alarm

Bonus points hazards:

E (campfire); H (heater); K (chimney smoke indicates wood fire inside the house); L (candle);
N (cigarette); O (matches); V (cooking).
D (lightning) is also a hazard responsible for many bushfires.
